## Kolocep, Southern Dalmatia

Magnificent urbanized plot in an idyllic location on the FIRST LINE on Kolocep Island of Dubrovnik area!

The area of the plot is 1213 m<sup>2</sup>. It descends directly to the sea and has its own coastline. Due to its position, no tourists or other people will ever access your beachline.

15 years ago the owner of the plot planned to build apartments on his land and even ordered a building project for 6 apartments of the LUX class, but the project remained unrealized.

The new owner can resurrect this idea or make his own project of a building with apartments or a separate elite first-line villa. The location is exclusively private, the site is isolated from neighbours, which is required for a first-class villa with a swimming pool.

Kolocep belongs to the group of the Elafiti islands and is the closest one to Dubrovnik. The distance to Dubrovnik is only 3 km. The island has been inhabited since ancient times and is popular among those who love peace and quiet not far from one of the most beautiful cities in Croatia and the world. There are no big roads on the island. It is connected with Dubrovnik by regular ferry service.

The price is discussed in the area of 700 euros per m<sup>2</sup>.
