Great land plot for sale in Volosko!

The project site is directly connected to public road (Nova cesta) via private driveway. This feature enables, unlike other sites with public road network still pending, a rapid start of the project. The view from the site is breathtaking – from old Volosko port to islands of Krk and Cres, including City of Rijeka and eastern Istrian coast – whole Kvarner bay opens in front of it.

Total area is 3217 sq.m.

Of 2,456m² is urbanized land, while 610 m² is a land plot for internal access road that has a valid building permit and reported construction.

Up to three buildings can be built on the location, depending on the wishes of the investor.

Possible construction of up to 3 residential or residential-commercial buildings.

Each building can contain a maximum of 3 residential units and a large number of business premises (surgeries, tourist apartments, etc.).

The Master plan guidelines for this area define following rules:

- Minimal plot size – 800m²
- Maximal building footprint – 250m²
- Floor area ratio – max. 1,5
- Maximal 3 flats/apartments per house
- Distance from neighboring plots – 4m
- Distance from the road – 6m

Based on the maximum build-up area strategy architecture office has proposed following project for the area:

- Three villas with three apartments each (A, B and C)
- Due to the steep topography of the plots, shifted layout enables all apartments excellent view
- All villas have parking garage with 2-3 parking places per apartment
- Open swimming pool and rooftop jacuzzi pool per house
- Elevator connecting all levels with the garage and the roof area
- Landscaping which reflects Opatija tradition

There is a project and floorplans available upon request.
